The Cast

Raised in the hay fields as a young cowboy, Dave Brubeck drew early inspiration from the rhythms and sounds in his daily life. It's this authenticity, coupled with his sense of humor, that has always drawn me to his music.

When listening to his many hits, I always knew there was one company with whom I'd have the most fun creating Take Five—one near and dear to my heart. As we dance this, I hope Michael is watching over us, tapping his feet, keeping an eye on us to make sure we keep things fun.

The world turns while she remains on pause. Static in the center of space, frozen like someone waiting for the perfect companion, who shares a bolero in reverse, altered, mystical, and unfinished; the melody of a heart amplified by the austere needle of oblivion.

*Away from the eyes, the looks,
and the gestures of the others, I slide subtly in your quest.
Through the circles of stillness, I break the inertia of the measures,
I rewrite with each step the perfect song of our encounter,
the tired chords of our embrace, and the sublime harmony of our dance.*

— Osnel Delgado, 2022
